

# ORCHESTRA

## IN-CELLING

Driven by passion.

The **Orchestra In-Ceiling** loudspeaker delivers high-fidelity sound while blending discreetly into your interior thanks to its magnetic grille and sleek design. Equipped with a basalt fiber cone mid-woofer and swivel soft dome tweeter, it guarantees precise, dynamic sound reproduction.

### Highlights

-  Composite basalt cone
-  Adjustable soft dome tweeter with gain control (+3/0/-3dB)
-  Paintable magnetic grille
-  Easy installation with included cut-out template

### Technical Specifications

Crossover	Passive (cut-off frequency : 3kHz)
Transducer	165 mm mid-woofer + 25 mm swivel coaxial tweeter
Rated impedance	4 ohms
Sensitivity	89dB/1W/1m
Max power	120W
RMS power	60W
Frequency response	45-20KHz
Outer dimensions (WxHxD)	230 x 120 mm
In-wall diameter (WxH)	$\varnothing$ 200 mm
In-wall depth	117,2 mm
Maximum mounting plate thickness	45mm
Net weight (with grille)	1,8 kg
